ANDERSON CARR DIES OF SELF INFLICTED WOUND

Negro Uxoricide Lives Only Few Hours After Shooting Himself—Made Will Before Death

Anderson Carr who killed his wife late Sunday afternoon and then shot himself, after he had been placed under arrest Monday afternoon, died that night as a result of his wound, which was through his left lung. He was buried Wednesday morning, from the home of his sister, Alice Haynes, the body being taken to Milledgeville, and laid beside that of his mother. He said before he died that he wished to be buried beside his mother. Before he shot himself Carr is said to have given his sister a large sum of money. He always carried a "roll" with him.

Carr retained consciousness almost until the end came. He called for Attorney K. S. Alcorn and had him make his will, in which he left all of his property to his sister Alice Haynes. He is said to have been worth two or three thousand dollars. He asked that A. T. Nunnally be made his executor to wind up his estate.

Those who talked with Carr Monday morning, before he was arrested say that they saw that he was prepared to do something desperate rather than be taken to jail for his crime. Dr. John Cook, the famous colored veterinarian, said that when he saw and talked to Carr early Monday morning that Carr was armed with three pistols. Cook told him that he could not go into court with the weapons on, and upon his insistence, Carr went home and removed them. Several people saw Carr go to the Greer blacksmith shop once or twice that morning and it is said that Carr told a number of his friends that he intended to kill James Greer if he had the chance. Mr. Greer had a hand in having Carr indicted for selling whisky illegally, by the last grand jury, and Carr is said to have been very bitter against him.

Just before he was taken into custody, he remarked to John Cook that if he was held over on the charge of killing his wife, that it would be the end of him, for he did not intend to go to jail. Sheriff McCarty says that if he had known of the threats Carr had made he would never have taken him to his restaurant before locking him up. He took him there, however, because the negro had said that he wished very much to give his sister some papers and money he had and make arrangements about his business before going to jail, and the officer merely acceded to his request as he would to almost any prisoner, little thinking of the tragedy which was impending.

IS OUR CONGRESSMAN MAKING GOOD?—READ THIS

(Louisville Times.)

As a plain common-sense argument the following extract from Harvey Helm's speech in favor of the abandonment of useless army posts is hard to improve on:

"Did any of you gentlemen ever see a game of football? Do you know the value of team work? Suppose you had a football eleven, each player of which was being trained separately in a different section of the country. Do you think these men would stand a show against an eleven that had worked together for weeks on the same gridiron? Of course it would not. It would be beaten unmercifully, just as our army is likely to be when it goes up against a trained army, unless we get the companies and regiments used to maneuvering as an army."

Common sense on the part of Congress in dealing with the army is so rare a quality that Kentuckians may be pardoned a bit of chest expansion over the fact that within the present week Swager Sherley and Harvey Helm have both proved themselves possessed of it in full and useful measure.

SAFFELL—BOHON

Hustontville Young Man Marries Popular Lawrenceburg Girl.

The Lexington Leader tells of the wedding of Horace Bohon, of Hustontville, and Miss Mary Belle Saffell, at Lawrenceburg last week, which was one of the society events of that section. Mr. Bohon's wedding is of much interest to his host of friends in this county who will wish him and his bride every happiness. The Leader said of the wedding:

The marriage of Miss Mary Belle Saffell to Mr. Horace Bohon of Bowling Green was celebrated Saturday evening at the home of the bride's mother, Mrs. W. B. Saffell, in mourning for her father, who died in Lawrenceburg. The wedding was quiet, as the bride's family are yet about a year ago, and about sixty relatives and most intimate friends were present.

The Saffell home is very beautiful and spacious and for the wedding had an elaborate decoration of ascension lilies and smilax. Professor B. C. Hagerman, one of the most intimate friends of the family and President of Hamilton College when the bride was graduated from that institution, performed the ceremony in the most eloquent manner.

The bride, who is very stately, charming and popular, wore an elegant gown of white broadcloth and a white bird of paradise in her hair fastened with a pearl pin. Her bouquet was of white lilies and lilies of the valley.

The bridegroom is from the Bohon family, prominent in Central Kentucky and, as he is tall and attractive in appearance, he and his bride made an unusually handsome couple. Both are well known in Lexington and the bride has often been the guest here of Miss Charlotte Hunt and Miss Florence Paul. After the ceremony and congratulations the wedding supper was served, the tables decked with beautiful flowers and lace pieces and the menu delicious.

Mrs. Saffell received the guests and was assisted in entertaining by her three lovely sisters of the bride, Misses Allie, Lillian and Onita Saffell. The bridal couple left after the wedding for a trip and will go to housekeeping upon Mr. Bohon's farm near Bowling Green. They had a splendid collection of presents bestowed by friends far and near.

Mr. and Mrs. G. C. Riffe, Mr. E. R. Powell, of Hustontville, President and Mrs. B. C. Hagerman, of Lexington, Mr. and Mrs. Tom Neat of Versailles, Miss Neva Williams of Harrodsburg, were among the guests.

KNOCKS OUT "SOFT DRINKS"

Senate Passes Bill to Prohibit Their Sale in Dry Territory

The State Senate Tuesday passed a bill to amend section 253 of the Kentucky statutes, prohibiting the sale of any beverages containing alcohol in local option territory. Senator Coburn introduced the bill. An amendment was offered by Senator Eaton exempting from the operation all beverages upon which the Federal government does not charge a license to sell.

Senator Brown said he is a constitutional local optionist, and that where liquor is voted out it should remain out. He said that in his section of the State the detection used is called "Squirrel shot," both of which he said caused more drunkenness than whisky, and made wild men out of its victims.

Senator Graham said that the rheumatism in his county had become numerous because they can get beverages containing alcohol. Some he said, were using it as a preventive. The amendment carried, and the bill passed, 25 to 3.

If this bill passes the House, it will mean that no more "malt mead," "hops" or any other such drinks can be sold in dry territory and will sound the death knell of soft drink stands that sell them.

BURLEY SOCIETY TO ERECT BIG FACTORY

Ten-Year Pool Plan an Unqualified Success With 165,289 Acres Of Weed Signed Up.

Lexington, Ky., March 6.—Official reports received from twenty-nine counties out of forty-six in the Burley belt give a total of 165,289 acres pledged to the new ten-year pool of the Burley Tobacco Society. It is believed that the returns from the other counties will bring this total up to 175,000 or 200,000 acres. The district Board of the society held a meeting here yesterday to receive the reports from the counties of the pool, which closed last Friday and much enthusiasm was shown over the showing made, which was much larger than had been anticipated, it having been expected that probably not more than 100,000 acres would be pledged. The result was declared to mean the unqualified success of the pool. President LeBus declared he would recommend that from 100 to 200 acres of land be purchased and that sidetracks and switches be supplied to accommodate the factory and loose leaf ware house to locate near Lexington.

The acreage pledge is expected to give the society from twenty to thirty million pounds of tobacco to be manufactured each year from the total of about 200,000,000 pounds which is the normal crop produced annually in the Burley belt. The society has available, it is said nearly \$400,000 in cash and can begin business without delay.

The twenty-nine counties reported the acreage pledge as follows: Anderson, 3,936; Bracken, 9,990; Bourbon, 8,000; Bath, 850; Carroll, 200; Casey, 1,021; Franklin, 10,000; Fayette, 18,610; Fleming, 7,615; Grant, 3,690; Gallatin, 1,054; Green, 200; Garrard, 427; Harrison, 15,420; Henry, 4,566; Hardin, 7,003; Jessamine, 6,392; Lewis, 10,383; Mason, 11,517; Mercer, 6,402; Montgomery, 6,500; Meade, 652; Metcalf, 236; Owen, 5,000; Scott, 9,000; Shelby, 1,200; Trimble, 6,323; Woodford, 8,732; Washington, 740. The people of Stanford owe the L. & N., railroad company a vote of thanks for the splendid new depot which has just been completed here. Of course, it can be said that the railroad should have built a new station here long ago, but nevertheless, the fact remains that it could have built one far less pretentious than the one it did, and we would have had to be satisfied with it. As it is, we have the finest depot here of any town our size in the state, and should be proud of it, and extend our sincere appreciation where it is justly due. The L. & N., is now just about the greatest railroad system in the south, and is getting bigger and better all the time.

That the wages of sin is death was never more completely illustrated than in Stanford early this week. The suicide of Anderson Carr was a fitting ending to his career of lawlessness and violence, which culminated in the murder of his wife Sunday afternoon. While everyone is shocked at the double tragedy and there is little justification for self-destruction, it will be hard for anyone to feel otherwise than that the man conferred a favor on the community by ending it all as he did.

The Taft-Roosevelt fight is the best thing that can happen for the Democrats. The Republican party is already split so badly that most anyone the Democrats name win in November.

How to be Certain of Curing Constipation

Prejudice is a hard thing to overcome, but where health is at stake and the opinion of thousands of reliable people differs from yours, prejudice then be- comes your enemy and you ought to lay it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention.

In the opinion of legions of reliable American people the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blantly advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truth- fully said that more druggists use it personally in their families than any other laxative.

Mrs. M. A. Smith, aged 84, was surprised by a host of her friends who brought her lots of presents. Among those present were: Mr. and Mrs. G. W. Horton, her daughter and son-in-law from Eubanks, Mrs. King and little son, Mrs. S. D. Jeffreys her daughter and Mrs. Jeffreys daughter, Grace and quite a few more to whom a nice dinner was served. All had a good time.

Mr. Claud Martin has returned to his home in Martinsville, Ind.

PROMINENT PHYSICIANS FAIL IN KIDNEY TROUBLE—A WOMAN'S GOOD ADVICE.

I regard Dr. Kilmer's Swamp-Root as the best medicine for kidney and bladder trouble I have ever taken and I will always recommend it to all that are afflicted with bladder or kidney trouble. For eleven months I was afflicted with kidney and bladder trouble in violent form. The symptoms in my case were fearful. During all this time I was being treated by the best and foremost doctors of the country, all of them failing to afford me the slightest relief and I continued to grow worse all the time and while I had utmost confidence in their treatment, it seemed that the time had come in my case when I must try other remedies, consequently, I resorted to the use of Swamp-Root and before I had taken three small bottles, every pain and symptom had completely disappeared. For any form of kidney trouble, Dr. Kilmer's Swamp-Root is the medicine to use. I have never known it to fail in a single case.

Very truly yours,

L. M. HUNTER,

Letters recently received from M. E. Myers, Morrison, Tenn., and Ada Ham- mersmith, 28 W. Chestnut St., Louisville, Ky., are but a few of thousands showing the esteem in which Dr. Cald- well's Syrup Pepsin is held. It is mild, gentle, non-gripping—not violent, like salts or cathartics. It cures gradually and pleasantly so that in time nature again does its own work without outside aid. Constipated people owe it to themselves to use this grand bowel specific.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you, will help you.

A HEALTHY, HAPPY OLD AGE

May be promoted by those who gently cleanse the system, now and then, when in need of a laxative remedy, by taking a desertspoonful of the ever refreshing, wholesome and truly beneficial Syrup of Figs and Elixir of Senna, which is the only family laxative generally approved by the most eminent physicians, because it acts in a natural, strengthening way and warms and tones up the internal organs without weakening them. It is equally beneficial for the very young and the middle aged, as it is always efficient and free from all harmful ingredients. To get its beneficial effects it is always necessary to buy the genuine, bearing the name of the Company—California Fig Syrup Co.—plainly printed on the front of every package.

SOCIAL and PERSONAL

Misses Elizabeth Higgins and Sallie Burdette were in Danville last week.

Mr. and Mrs. J. C. Hays left early in the week to spend the rest of the winter at Orlando, Fla.

Col. Joshua D. Swope, the popular Circuit Clerk, continues to improve, and hopes to be out again soon.

Mrs. W. R. Rice, of Louisville, spent several days this week with Mrs. Susan Yeager.

Mrs. J. P. Johnston, of Pittsburg, Pa., is here for a short visit to her father, Mr. George P. Bright and family.

Mr. S. J. Embury, Sr., has been forced to take to his bed again, the severity of the winter sapping his strength to a considerable extent.

Mrs. W. P. Kincaid is in the hospital at Lebanon, where she underwent a slight operation. She is doing very nicely and will return home in a week or so.

Mr. B. K. Wearen, for years a resident of Stanford, but now of Cairo, Ill., came Tuesday to make a short visit to his brother, Mr. Geo. D. Wearen, who still continues quite ill. The former has not been in Stanford for about five years, and was much impressed with the many improvements in the old town. His many friends gave him a warm greeting on both sides.

HOW WEAK WOMEN

May Be Made Strong at Small Expense and No Risk

There are hundreds of women in this vicinity, weak, thin, run-down, tired out and nervous. Such women need Vinol just as much as did Mrs. Jane Pepper, of 2307 Howard street, San Francisco, Cal., who says:

"I have used Vinol for some time with particularly gratifying results. I was run down, weak and debilitated, and my appetite was gone. After taking several bottles of Vinol I found my condition greatly improved, and do not hesitate to recommend Vinol to anyone similarly affected."

Vinol is not a secret nostrum, but a delicious cod liver and iron tonic without oil, which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

Attorney J. N. Saunders was in London on legal business Tuesday. County Assessor, John C. Pepples attended court at Richmond last Monday.

Miss Mattie Kirby returned Wednesday from a two weeks' visit to Louisville.

Mrs. R. W. Keenon, of Harrodsburg, is the guest of her sister, Mrs. T. W. Pennington.

Mrs. J. S. Rice returned this week from Cave City, where she has been visiting her mother, Mrs. Garnett. Miss Hattie Brown and Mrs. Hayden Leavell were here from Lancaster on Tuesday for a short visit.

Miss Grace Goode of Hustonville, has returned home, after a visit to friends and relatives.—Danville Advocate.

Misses Louise and Margaret Lynn were the attractive guests of Mr. and Mrs. John Mount in Lancaster last week.

Mr. and Mrs. John Owsley Reid are at Martinsville, Indiana, where Mr. Reid is taking the baths at the sanitarium.

Miss Lettie Webb, of Louisville, and Miss Dove Embury, of Lexington are the guests of Mr. and Mrs. R. M. Newland.

Mrs. George P. Maury and little daughter, Eleanor, are guests of her parents Mr. and Mrs. J. N. Menefee.

Mr. George D. Wearen showed considerable improvement the latter part of this week and his many friends were greatly pleased to hear of it.

Mr. Henry R. Camnitz, of Hustonville, arrived Tuesday afternoon to take the position of foreman of the Journal, a position he is well qualified to fill. Mr. Camnitz is the father of Howard Camnitz, Pittsburg's crack ball pitcher.—Somerset Times.

Representative Will H. Shanks came home from Frankfort early in the week, suffering with a severe attack of the grip. He is confined to his home on Logan avenue.

William Severance is in the city this week buying more spring goods.

Commonwealth's Attorney George D. Florence was taken very ill while at Lancaster Tuesday attending to his duties in court, and was brought home that afternoon and put to bed.

It was first feared that he was developing a severe case of pneumonia but Dr. Carpenter does not now think it will amount to more than a touch of malarial fever.

Dr. W. F. Hickie came back home from Texas where he has been for almost a year, to attend the dissection sale last Saturday when a bunch of stock belonging to himself and Frank Spoonamore as sold under the hammer. Dr. Hickie has built up a splendid practice in his new home and is greatly pleased with his prospects there.

Mr. John N. Menefee, one of Stanford's staunchest and best citizens, came down Saturday to attend the burial of Mr. Samuel Frazer, a relative. He paid this office a very pleasant call. Just before leaving he remarked: "Tomorrow is my birthday. How old will I be, do you think?" We guessed 58, but to our surprise we were informed that he would be 66. He is a remarkably preserved man. May he continue to carry the accumulation of years as gracefully as he does now.—Somerset Times.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Halls Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Halls Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. MAN AND THE SOIL.

Dr. R. V. Pierce of Buffalo, author of the Common Sense Medical Adviser, says "why does not the farmer treat his own body as he treats the land he cultivates. He puts back in phosphate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor, or by ill-health induced by some chronic disease." Further, he says, "the great value of my Doctor Pierce's Golden Medical Discovery is in its vitalizing power. It gives strength to the stomach and purity to the blood. It is like the phosphates which supply nature with the substances that build up the crops. The far-reaching action of Doctor Pierce's Golden Medical Discovery is due to its effect on the stomach and organs of digestion and nutrition. Diseases that begin in the stomach are cured through the stomach. A bilious spell is simply the result of an effort made by the liver to catch up when over-worked and exhausted. I have found the 'Discovery' to be unsurpassed as a liver regulator and rich blood-maker."

Miss Lottie Knisely of Perth, Kansas, says: "I will here add my testimony of the effectiveness of your remedy upon myself. I was troubled with indigestion for two years or more. Doctored with three different doctors besides taking numerous kinds of so-called 'stomach cures' but received no permanent relief. I was run down, could not sleep at night with the pain in my chest, caused by gas on the stomach. Was weak, could eat scarcely anything although I was hungry nearly all the time. About one year and a half ago I began taking your 'Golden Medical Discovery,' and after having taken several bottles am nearly cured of stomach trouble. Can now eat without distress and have gained fifteen pounds in weight. I thank you for your remedy and wish you all success in your good work."

Then let him cover a plate or pan with moist flannel cotton batting or sawdust and spread nicely the 100 grains, covering with flannel and kept wet, and anywhere that a day

The Coughs of Children

They may not cough today, but what about tomorrow? Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Many a child is called dull and stupid when the whole trouble is due to a lazy liver. We firmly believe your own doctor will tell you that an occasional dose of Ayer's Pills, sugar-coated, will do such children a great deal of good. Ask him.

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating A Symptom That Should Not Be Regarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Stanford who suffer from any stomach, derangements acute or chronic, to try Rexall Dyspepsia tablets, with the distinct understanding that we will refund their money without question or formality if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25 cent box of Rexall Dyspepsia tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50 cents and \$1. Remember, you can obtain Rexall remedies in this community only at our store—The Rexall Store, Penny's Drug Store.

When Well-Known Stanford People Tell It So Plainly.

When public endorsement is made by a representative citizen of Stanford the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney back ache, every man, woman or child with kidney trouble will do well to read the following:

James Brackett, blacksmith, Whiteley ave., Stanford Ky., says: "I used Doan's Kidney Pills a few years ago and they did me so much good that I am constantly speaking about them to my friends. COLT FUTURITY

Announced By Catalogue Committee of K. P. Fair.

The catalogue committee of the Knights of Pythias fair, is announcing a Colt Futurity as one of the most attractive features of the splendid program which will be given. Nominations for mares are being received now, and so much interest is being taken in it by the many breeders if good stuff in Lincoln and adjoining counties, that it is believed the amount of the stake will go as high as \$100.

Mares must be nominated by March 15th when a payment of \$1 must be made.

On or before June 1st, a payment of \$2 must be made, on each mare, an owner desires to keep eligible and at that time each Mare's name and color and the name of the horse to which she was bred in 1911 must be given.

On August 15th the week before the fair, the color and sex of the foal must be given and a fee of \$2 paid. This is the final fee, making \$5 in all. The money will be divided into four prizes on a basis of 40 per cent to first; 25 per cent to second; 15 per cent to third and 10 per cent to fourth. It is planned to open a mule colt futurity upon the same basis, in view of the very high class hybrid youngsters which are produced in this section.
